

Careers update week ending 5th June 2020

Virtual Careers Festival

At the recent online meeting I attended there was very positive feedback about this event and the organisers are hoping to be able to run similar events in future. To help with this they would like as many people as possible to complete the feedback survey. If you have not already done so please visit the link below and complete the survey

The videos used on the day are still available on the Learn live website if you missed the festival or want to have another look.

The organisers were also pleased at the quality of questions asked by 'visitors'.

Careers Appointments

Our Careers Adviser Paula Owens is next 'in school ' on 2nd July. Some students have already asked for a chance to speak to Paula. She will do these interviews on the phone.

If you have asked for an interview and not yet replied to my email please send me an email saying that you give permission for me to pass your number on to Paula and let me know which number is best for her to call. I will send each student a note of their appointment time. Without a number (or email address) and permission I cannot arrange appointments.
